**January 9 — February 20: The Reason for God: Belief in an Age of Skepticism:** Timothy Keller, the founding pastor of Redeemer Presbyterian Church (PCA) in New York City, addresses the

frequent doubts that skeptics, and even ardent believers, have about religion. Using literature, philosophy, real-life conversations, and potent reasoning, Keller explains how the belief in a Christian God is, in fact, a sound and rational one. To true believers he offers a solid platform on which to stand their ground against the backlash to religion created by the Age of Skepticism. And to skeptics, atheists, and agnostics, he provides a challenging argument for pursuing the reason for God. We recommend participants use a copy of the book as well as the discussion guide. The discussion guide is available from Pastor Sue today. The books have been ordered. The book is also available on Kindle from Amazon for those who prefer an electronic copy.
