December 14, 2025 • Matthew 11:2-11

John the Baptist was in prison.  
He sent his friends to ask Jesus a question.

Begin with the 2nd letter. Cross it out and then cross out every other letter. Write the remaining letters on the lines.

A diagram of a 16x16 grid representing a 256-bit memory layout. The grid is divided into four 8x8 quadrants. The top-left quadrant contains the letters A through Z. The top-right quadrant contains the letters S through R. The bottom-left quadrant contains the letters O through G. The bottom-right quadrant contains the letters B through P. The letters are arranged in a specific pattern that suggests a mapping or transformation. The grid is labeled with '256' on the right side, indicating the total number of bits.

“ \_\_\_\_\_  
\_\_\_\_\_, \_\_\_\_\_?”

Here is the answer Jesus told John's friends to deliver to him.

First, fit the words into the puzzle. Second, transfer the words to the correct lines.
